

**hastings designer kitchens**

## **hastings designer kitchens**

is an award-winning design and manufacturing company, specialising in kitchens and custom cabinetry.

With a reputation for personalised design solutions and quality craftsmanship, we create the dream spaces that are right for your individual style, needs and way of living.

From contemporary to traditional, our portfolio is full of stylish kitchens we have designed, manufactured and installed for homeowners across the Fleurieu and beyond.

Find out how we can take your initial ideas and turn them into reality

**Hastings Designer Kitchens** is an independent South Australian family owned company, based on the Fleurieu Peninsula in Victor Harbor.

Since 2008 we've been perfecting the way we design and build kitchens, resulting in a seamless and worry-free experience to reach your dream outcome. With a proud history in private residential kitchen design, we have evolved to work with developers, builders and architects to deliver high quality award-winning kitchens and custom joinery.

Hastings Designer Kitchens are passionate about combining creativity, innovative design and function, while considering what works best for you and your budget. With our unrivalled product knowledge and experience we will take your project from an initial idea and turn it into your dream space.

We understand that any interior project can seem daunting if you've never done one before. Whether it's a renovation or a new build, we have extensive experience managing and facilitating projects.

Select from world-class products that reflect our commitment to quality, form & functionality

At Hastings Designer Kitchens we use leading brands that reflect our commitment to quality, form and functionality.

Choose from world-class products with the latest innovative technology, materials and trending styles. Our showroom offers a comprehensive selection of surfaces, hardware and accessories in the one place, showcasing brands including Blum, Corian, Polytec, Silestone, Laminex, Dekton, Wilsonart, Caesarstone, CASF Timber and more.

our experienced consultants will guide you through design, selection & product decisions

Book a consultation with one of our experienced consultants who will give you professional advice and guide you through the design process, including layout, material choices and product selections.

Find out more about our process and how we take your initial ideas and turn them into reality. Give us a call to discuss your upcoming project.
